A Tradition of Service

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Los Angeles County Sheriff's Department (Department) submitted a grant application to Cal EMA, formerly called the Office of Emergency Services (OES), for the third year of State Cal-MMET Program funding. Cal EMA requires that a "Certification of Assurance of Compliance Cal-MMET Projects Methamphetamine Laboratory Operations" form be signed to accept the grant award. This form incorporates "Proof of Authority from City Council/Governing Board" in place of a resolution, as well as facilitates compliance with the provisions of the National Environmental Policy Act relating to clandestine methamphetamine laboratories.

Funding to county sheriff's departments across the state to support their efforts in combating methamphetamine distribution and sales is provided through the State Cal-MMET Program. The Program will provide \$818,804 for the Department to implement a Countywide multi-jurisdictional methamphetamine enforcement team. This team of investigators will be utilized to target and eradicate methamphetamine manufacturers and traffickers who produce and/or sell significant quantities of methamphetamine, including precursor trafficking, within the Los Angeles County area, with the ultimate goal of dismantling these organizations. The required "Certification of Compliance Cal-MMET Projects Methamphetamine Laboratory Operations" certifies compliance with federal, state, and local environmental, health, and safety laws and regulations applicable to the seizure and/or removal of clandestine methamphetamine laboratories.

The Cal-MMET multi-jurisdictional task force is comprised of personnel from the Department, as well as outside agencies within the county. One sergeant, one bonus II investigator, and one civilian staff member from the Department's Narcotics Bureau will be dedicated to the program. Participation from other agencies includes one investigator from the State Bureau of Narcotic Enforcement and one investigator from municipal police departments from each of the following cities: Glendale, La Verne, Culver City, and Glendora. A lieutenant from the Department will oversee the team and be assisted by a bonus II deputy. Neither item will be grant funded.

Additional assistance and support will be provided to Cal-MMET as needed by the Los Angeles Interagency Metropolitan Police Apprehension Crime Task Force (LA-IMPACT), who is certified to respond to clandestine methamphetamine laboratories for the purposes of cleanup, prosecution, and further investigation, and by the Los Angeles County Regional Criminal Information Clearinghouse (LACRCIC), an intelligence-gathering entity linked to State and Federal networks.

Implementation of Strategic Plan Goals

The Cal-MMET Program conforms to the Los Angeles County's Strategic Plan, Goal 1, Service Excellence, as it provides the Department with the ability to respond to public need, thereby providing public services that are beneficial and responsive; Goal 5, Children and Families' Well-Being; and Goal 6, Community Services, as it improves the quality of life for residents of Los Angeles County by targeting and dismantling methamphetamine manufacturing and distribution organizations in their communities.

FISCAL IMPACT/FINANCING

The Department has included funding for this program in the Department's Fiscal Year 2008-09 budget. The term of the 2008 Cal-MMET grant award is from October 1, 2008, through June 30, 2009.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Under the requirements of Cal EMA, the applicant must complete a "Certification of Assurance of Compliance" form signed by the Governing Body that includes details regarding Equal Employment Opportunity Program (EEOP), Drug Free Workplace Compliance, California Environmental Quality Act, Lobbying, Debarment and Suspension requirements, and "Proof of Authority from a City Council/Governing Board." The applicant is required to submit the necessary assurances before finalization of the grant awards agreement. The Department submitted the application on November 26, 2008, and will submit, upon Board approval, the Board-signed Certification to complete the application process.

This Board letter has been reviewed by County Counsel.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This grant funding will have a positive impact on current services as it provides the Department's Narcotics Bureau the fiscal ability to fund a team of investigators to identify and arrest methamphetamine manufacturers and traffickers and work toward achieving the ultimate goal of dismantling these organizations within Los Angeles County.

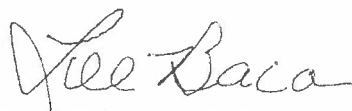

This Board Letter was forwarded to the District Attorney's Office, the Public Defender's Office, and the Alternate Public Defender's Office for review. Prior to Board filing, no impact statements were received from those departments.
